Rights and Access

Complete the Rights and Access information form

Elsevier supports responsible sharing. To find out how you can share your article, please visit our [Sharing Policy page](#).

Elevating Author journey for RIPSAM institutions

Were there any co-authors for this article?

Yes

No

Add Co-author Details

Corresponding author also adds the co-author affiliation details

for Gold open access when applicable.

publishing charge

more tips on searching for an organization please visit our [Support Center](#).

name or initial*

Last name*

Alexander

Organization name*

University of Gothenburg

Or use recently selected organization

Chalmers University of Technology +

+ Add another co-author

Author can add the Funder details. Funder can be the affiliated institute or a different one. In this case it is Milliman

**Based on the
affiliation details, the
author sees the
Publishing Options.
Gold OA option is
followed by
Subscription option
and we make it clear
that agreement
covers full APC**

**If the librarian at the
institution rejects
the author request in
the Elsevier
Platform, we also
make it clear that the
authors will receive
a full price invoice**

**Author selects Gold
OA**

of the Article, including but not limited to graphical, illustrative. "Supplemental Materials" shall mean materials published as a supplemental part

Research Data

Research Data shall mean the data and information used in the research article, including the raw data and any processed data, software, algorithms, and

Article which can include but are not limited to raw data, processed data, software, algorithms, and

Authors agrees to the Journal License Publishing Agreement

The Article I have submitted for review is original, has been written by the stated authors and has not been previously published.

- The Article was not submitted for review to any other journal while under review by this journal and will not be submitted to any other journal.
- The Article will be supplemental material to the journal, if the journal is accepted for publication.

I have obtained the necessary permissions from copyright owners for any copyright material reproduced in the Article, and I have obtained the necessary permissions from the copyright owner for any copyright material reproduced in the Article, and I have obtained the necessary permissions from the copyright owner for any copyright material reproduced in the Article.

Except wherever set out in this License Agreement, the Article is not submitted and has not been published as if it were a work of the author(s) and is not to be published as such.

If I am publishing any journal based on the above, please contact <http://www.elsevier.com>.

Any software contained in the Supplemental Materials is free from viruses, contaminants or worms.

Governing Law and Jurisdiction

This License Agreement will be governed by and construed in accordance with the laws of the country or state of Elsevier Group B.V. ("the Governing State") without regard to conflict of principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of the Governing State.

For information on the publisher's copyright policy, please see <http://www.elsevier.com/copyright>.

This is the summary page explaining the choices the author made in the publishing journey

Corresponding author and coauthors receive a copy of summary via email

Article becomes OA on ScienceDirect within 24 hours

Librarian receives a notification to validate the APC request within 48 hours

Thank you
